Primary School Brunswick East

Exceptional Education

Newsletter 4, Term 2, 2024

Friday 31st May

Lord,

We pray for healing, forgiveness and unity, creating a path of goodwill, with justice and compassion.

Jesus, through the power of your love, you have given us the courage, wisdom and strength to share our gifts and talents in humility.

In peace and understanding we reconcile with each other.

Amen

Dear Parents/Carers,

This week we acknowledged National Reconciliation Week. Reconciliation must live in the hearts, minds and actions of all Australians as we move forward, creating a nation strengthened by respectful relationships between the wider Australian community and Aboriginal and Torres Strait Islander peoples. We all have a role to play when it comes to reconciliation, and in playing our part we collectively build relationships and communities that value Aboriginal and Torres Strait

Islander peoples, histories, cultures, and futures. As part of our commitment to fostering understanding, respect, and unity, this week students engaged in a variety of activities to acknowledge National Reconciliation Week. These activities were designed to educate, inspire, and promote meaningful conversations about reconciliation.

School Closure Dates Term Two

A reminder the following date is a student free day in term two.

Monday 10/6/24 King's Birthday (Public Holiday)
- no students to attend.

Learning Conversations

Student semester one reports will be sent home on Monday 24th of June. Learning Conversations (Parents/Teacher Interviews) will be held on Thursday the 27th June 1.30 pm - 8.30 pm. **A reminder school concludes for all students at 1.00 p.m.** to allow conversations to begin at 1.30 p.m. Please note the interviews will be in person at Our Lady Help of Christians school. **Children will be attending these conversations and sharing their learning goals with you.**

Please see booking details in the flyer below.

Please note **3J** Learning Conversations will be held on Thursday 20th June before Ms Julie Tran commences her Long Service Leave.

Feast Day Thanks

I would like to thank all parents and carers who supported us last week during our Feast Day celebrations. Those of you who attended our Feast Day Mass, those who purchased and cooked

sausages, organised volunteers, supported the children on the field, cheered from the sidelines and captured images, all vital components in building a school culture of inclusivity, pride and respect. This is such a well loved event and would not be possible without such community support.

We are thrilled to announce we successfully raised **\$8,689.45** this year. A reminder all Triathlon Prizes will be awarded at our morning assembly on Monday, 3rd June. Thank you once again for your generosity and support. We are raising money to help support the purchase of equipment and furnishing for our new STEM centre which is due to be completed in October.

Yr 5 & 6 Excursion to Mary Glowrey Museum

On Monday 20th May, the Year 5 & 6 students visited the Mary Glowrey Museum in Fitzroy to learn more about the life of Dr Sr

Mary Glowrey and her life of service. She is currently deemed a 'Servant of God' and is on the journey of being canonised and becoming Australia's second saint. Her life story is an example for others to follow as the Yr 5 & 6 inquire into the question: As global citizens how can we work together for the common good?

Here are some of the students thoughts from this experience:

Mary Glowrey was born on the 23rd June 1887 in Birregurra, Australia. She studied for Arts in college before swapping to Medicine. She graduated with a Bachelor of Medicine. She did a 1 year residence year in Christchurch and got her Master's Degree. When she got back to Melbourne, she worked in the Eye & Ear Hospital and private practice whilst earning the Doctor of Medicine degree. On the 24th of October 1915, Mary felt called by God to help women and children in India who were in need of emergency aid. She created St John's hospitals in India and founded the Catholic Health Association of India. She devoted her whole life to treating people equally and helping them. She gave up her time to help people in India to be doctors and nurses so they could help their own people. Mary

Glowrey is being considered for canonisation as Australia's second Saint. This is what makes her a global citizen and role model for all.

Owen Yr 5 B

Mary Glowrey was born on the 23rd of June 1887 in the town of Birregurra, Victoria. In 1908 Mary got her doctoral degree. In 1915 Mary was reading a book and realised that this book was a calling from God to go to India and help the people in need there because of World War 1 Mary stayed in Australia to help people during World War 1. During the war, Mary joined The Catholic Women's Society and was the founding president. In 1920, Mary began her journey to India. In India, Mary was helping children, women and anyone who needed it. Mary founded India's top Catholic health company called CHAI. She has also built many hospitals to help people in a wider range of areas and these hospitals are still helping people today. Sadly, Mary developed cancer and had treatment. Mary continued to live with bone cancer until the 5th of May 1957 when she died in India. Amelie Yr 5 B

The thing that inspired me about Mary's story was that she gave up all her time and effort to help people and become a doctor. I think that was very kind of her. She was a doctor and helped people even if they couldn't pay her. When she went to India where there were no female doctors so girls would not get help. She built hospitals and took care of people no matter who they were or why they were there.

Lexi Yr 5M

She inspired me because she was a great doctor and was willing to help anyone, especially the ones in India who were in need of a good doctor. The thing she made me want to do more is be a scientist! Mary worked for the common good by thinking about who needed a good doctor and decided to go to India at the age of about 33. Her action within a community benefited those in India who now have a doctor. She is a global citizen because she is a great doctor and she was brave to go to India which took a long time. Olivia Yr 5M

Mary Glowrey was an amazing woman who was encouraged to be a doctor by her father. When she was in church one day she read a pamphlet about India and how babies were dying. She fell down to

her knees and felt she had a call from God to go and work in India to help these people. Mary did further study and had to get permission from the Pope to be a doctor as well as a nun. She worked in India helping millions of people until her death. Mary Glowrey is an inspiration to us because she was determined to make a difference in the world and never gave up. She faced hard challenges but always found a way through.
Abdul Yr 6P

Mary Glowrey dedicated her life to helping people. She spent most of her life in India setting up medical centres that are still used today. Her work in India has saved millions of lives. She also trained people in India to become doctors and health professionals so her work could continue after she had died. Mary Glowrey is inspirational because she followed God's message and didn't quit even when people doubted her because she was a woman in another country. Mary Glowrey was a trailblazer who showed courage in the face of great difficulties.

Aziza Yr 6P

Mary Glowrey was a brave woman who helped improve the health situation in poor communities in India. She wanted to be a doctor and even though it was hard for her she persevered. This inspires me to be like her. Mary Glowrey worked for the common good because she went to India and helped the poorest communities with their hospital and care problems.

Katelyn Yr 6M

Mary Glowrey was an Australian doctor who worked for the common good. Mary travelled to India in 1920 to help sick people. Mary and some other women helped to open a hospital which is still being used today! Mary also opened clean drinking fountains in India so people didn't need to walk miles just to get water. I am inspired by Mary's story because she helped sick people and I think health is really important.

Angelica Yr 6M

Yr 1 & 2 CERES Excursion

On Monday 13th May students in Yr 1 & 2 visited CERES environmental education centre in Brunswick East. This term they have been inquiring in the question: How can we improve our local community?

Here are some of the student's thoughts about this experience.

At CERES I enjoyed making paper because it was fun to use recycled paper to then make new paper. I learnt that it is good to recycle.

Madelena C 1K

At CERES I enjoyed making the paper and holding the worms. I learnt that they can make paper out of kangaroo poo.

Leon S 1K

At CERES I learnt that bugs are important because they help make healthy soil. I enjoyed learning the 6 R's dance.

Eleanor 1A

At CERES I enjoyed making the recycled paper and feeding the chickens. I learnt about the different bins and what to put in them.

Giovanni 1A

At CERES we found out a lot of information about how to save our environment. My favourite part was making the paper and that kangaroo poo can be turned into paper!

Tamara I 2C

At CERES we discovered how compost helps our plants. We got to hold a worm. It felt so slimy. We used water, a frame and shredded bits of paper to make a new piece of recycled paper. I found it interesting learning how to reduce our waste.

Alexander M 2C

We got to feed the chickens. We fed them grass! We loved seeing the chickens. Louis 2D

At CERES, we went for a walk along the Merri Creek to look for rubbish. We used tongs to pick up the rubbish.

Emma G 2D

Yr 3 & 4 Merribek Council Incursion

On Monday 3rd June the Yr 3 & 4 students will welcome Environmental Officers from the Merribek Council who will share the sustainable practices in how they manage waste.

National Consistent Collection of Data on School Students With Disability (NCCD)

Each year all Australian schools participate in the Nationally Consistent Collection of Data on School Students with Disability (NCCD). The NCCD process requires schools to identify information already available in the school about supports provided to students with disability. These relate to legislative requirements under the Disability Discrimination Act 1992 and the Disability Standards for Education 2005, in line with the NCCD guidelines (2019).

Information provided about students to the Australian Government for the NCCD include:

- Year of schooling
- Category of disability: physical, cognitive, sensory or social/emotional
- Level of adjustment provided: support provided within quality differentiated

teaching practice, supplementary,
substantial or extensive.

Please see this [information sheet](#) to learn more about the NCCD process.

Should you have any further questions please do not hesitate to contact the Learning Diversity Leader Andrea Wals
awals@olbrunswickeast.catholic.edu.au

School Counsellor

We are delighted to announce that thanks to generous MACS Chaplaincy funding, our school has secured the services of a professional school counsellor for the next six months.

Starting next week, our school counsellor Mr Andrew Barresi will be available to support our students' mental health and well-being, providing a safe and confidential space for them to discuss any challenges they may be facing. Andrew will offer individual sessions on various topics such as stress management, social skills, and emotional resilience.

This initiative underscores our commitment to fostering a supportive and nurturing environment for all our students. We believe that having access to a school counsellor will greatly benefit our students' overall well-being and academic success. For more information or to schedule an appointment with the school counsellor, please contact Ms Maegan Howden (Student Wellbeing Leader)

mhowden@olbrunswickeast.catholic.edu.au

Thank you for your ongoing support in making our school a positive and caring community.

Inner North Division Cross Country

Congratulations to the following students who represented Our Lady Help of Christians in the Inner North Merribek

Division Cross Country on Wednesday, we are incredibly proud of their efforts.

Noelle N (9/10 Girls)

Agata B (9/10 Girls)

Harvey S (9/10 Boys)
Ziata B (11 Girls)
Ale F (12/13 Boys)

Illnesses

We have had many students away from school in the past few weeks. Families have reported that their children are suffering from high fevers, poor appetite and feeling very lethargic. I ask all parents to remain vigilant. Please maintain good hygiene habits, closely monitor your children for any symptoms and take any appropriate action and seek medical attention if required.

What to do if your child gets sick -

To help keep your child and our school community safe, please take the following steps if your child has any cold or flu-like symptoms:

- Keep your child at home until their symptoms pass.
- Common flu-like symptoms include a high fever, cough, runny nose, loss of appetite, body aches and feeling extremely weak and tired.
- Diagnosis of the flu can only be confirmed by a doctor after a nose or throat swab.
- Encourage your child to wash their hands regularly and ask them to cover their nose and mouth when sneezing and coughing.

Advancedlife School Photos

Advancedlife would like to apologise for the delay in the distribution of the school photographs. We recently implemented new software and systems to enhance our photo processing and delivery procedures. Unfortunately, unforeseen technical issues arose during this transition period, causing delays in editing, processing, and ultimately delivering the final products to you. We understand the importance of these school photographs, capturing precious moments and memories that will be treasured for years to come. I deeply regret that our new systems and software issues have jeopardized the timely delivery of this year's school photo packages.

I want to assure you that every effort is being made to speed up the delivery process without compromising the quality of the final product. Measures have been put in place to prevent such delays from happening again, and we are committed to ensuring a smoother and more efficient distribution process moving forward. All our staff understand that you have placed your trust in

us to capture and deliver these important school memories. Your satisfaction is our top priority, and we are dedicated to making this right for you.

We are truly grateful for the opportunity to serve your school community. If you have any questions or concerns regarding the delay or if you require any further assistance, please do not hesitate to contact Advancedlife directly on 9852 1133. Your feedback is valuable to us, and we are here to assist you in any way we can. Thank you for your understanding.

Kind regards,

Jennifer Scully
Office Manager (Mon-Thurs 9am -2pm)

Reminder Classroom Cuisine Process

A reminder Classroom Cuisine is our online lunch order system. It is convenient and user friendly service and provides high quality healthy school lunches at an affordable price. Classroom Cuisine delivers lunches only on a **Wednesday**. Please see the menu in the flyer section of this newsletter, the menu is also available online. Please visit the website below and register your child to order lunches.

How it works

Visit <https://classroomcuisine.com.au/login>

1) Register your child

Register one or more children to confirm their school and class details. We require your contact telephone number and email address to send order and payment confirmations.

You will then receive a password so that all future visits to our site are quick and easy.

2) Choose Menu Items to make a 2 or 3 Course Lunch

Browse our menu items online every term and select two or three courses from 30 options each day.

Further information regarding price structure is available on Our Menu/Price Guide page.

3) Select dates to order for

You can order one day or as many days as you wish over the period of the menu, ordering up to 8:30 am on the day it is required.

4) 4 Confirm your order and payment

Payment is made when placing your order through a secure banking gateway accepting Visa and MasterCard, generating an email confirming your order and payment.

5) 5 Relax while we do the rest

Lunches are delivered directly to school labelled with your child's name and class details in environmentally friendly, temperature controlled tubs.

Navigating the Digital World: Parenting in an Age of Gaming & Gambling!

A free information session to support parents & caregivers

About

The link between video games and gambling is a growing concern in today's digital landscape. Modern video games can expose young players to gambling-like behaviours that can lead to increased vulnerability to real-life gambling activities.

It's important for parents & guardians to talk to their children about responsible gaming habits, and this workshop will help you do that!

Come along to our workshop which will provide:

- information about the link between gaming and gambling
- strategies and tips to help you help your child be a responsible gamer
- snacks!

Facilitated by Kirrily & Simran from The Salvation Army Gamblers Help, and supported by Merri-bek Youth.
